

## UNIQUE FUNCTION AT SOCIAL HALL

History of the Church Reviewed in Picture, Song and Lecture.

### PRESIDENT SMITH SPEAKS.

A Resume of the Work in Mission Fields for the Year 1908.

A very pleasant and profitable time was spent by those who assembled last evening at the Social Hall in response to invitations by the historical division of the Genealogical Society of Utah. The gathering was intended to be complimentary to the descendants of the Patriarch Hyrum Smith and Samuel H. Smith, all of whom were invited to be present, and about 100 accepted the invitations.

An old fashioned picnic was given in which all brought their eatables. They were divided off in groups for the supper, one table being set aside for President Smith and his family. Other families, officers of Church organizations and prominent members of the church were also present at the supper.

After partaking of refreshments, those present assembled upstairs where, after the opening prayer by Elder Heber J. Grant, George D. Pyper made a short speech giving the reasons for the entertainment, which were to cultivate a remembrance of those who have gone, and to interest the people in genealogical work. The four-year-old son of George A. Smith then told the facts of the organization of the church, including the names of the original six members and the date of the organization. A lecture was then given by assistant Church Historian Joseph F. Smith Jr., as follows:

#### CHURCH HISTORY.

The organization of the Church was effected April 6, 1830, with six members, and the first conference was held June 3, 1830. The following officers were present: Joseph Smith, Jr., Oliver Cowdery, David Whitmer, Peter Whitmer, John Whitmer and Ziba Peterson—all elders. The total membership of the Church on that date was 27 souls. A second conference was held Sept. 26, 1830, at which 14 officers were present. Of these eight held offices in the Melchizedek priesthood and six in the Aaronic. The total membership on that date was 62. At the fourth conference the first high priests were ordained—25 in all, of which number Joseph Smith, Jr., was one; also Joseph Smith, Sr., and Hyrum Smith. Edward Partridge was also ordained a high priest and bishop of the Church, and he acted as counselors John Corrie and Isaac Morley. This was the first bishopric in the Church.

The first presidency was organized March 18, 1833, with Joseph Smith, Jr., Sidney Rigdon and Frederick G. Williams as the presidency. The presidency had been sustained and ordained president of the high priesthood at Anthon, O., Jan. 26, 1833. Joseph Smith, Sr., was ordained presiding patriarch Dec. 18, 1833. The first seventies and apostles were chosen in February, 1835, at Kirtland, O.

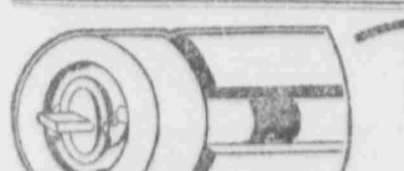

There are now 152 quorums of seventy in the Church. The priesthood of the Church on the 31st day of December, 1908, was: Melchizedek priesthood, 4,755; Aaronic priesthood, 24,537. There were 14,899 baptisms in the year 1908, and there are now 61 stakes of Zion, 671 wards and 21 missions in the Church.

#### FOREIGN MISSIONS.

The first foreign mission was opened in Great Britain in 1837, by Heber C. Kimball, Orson Hyde, Willard Richards, Joseph Fielding, John Goodson, Isaac Russell and John Snider. The work spread to Ireland, Scotland, Wales, Australia, South America and East India from this mission. In 1842 the elders went to Jamaica and the islands of the Pacific. Elder Hanks died Nov. 3 of the same year, and was buried at sea. The other brethren did a faithful work on the Society islands.

Elder William Howell went to France in 1848 and in 1850 John Taylor and others continued the labor there. In 1850, Elder Erasmus Snow went to Denmark, John E. Forsgren to Sweden, Lorenzo Snow and Joseph Toronto to Italy and T. H. Stenhouse to Switzerland. Elder George C. Cannon also went to Hawaii in 1850, and Elder Joseph Richards was called to India in 1851. In 1852 missionaries were sent to China, India, Siam, Cape of Good Hope, Persia, Cuba, and the West Indies and Norway. Since that time missions have been opened in the Netherlands and other portions of Europe and in Turkey. The land of Japan was dedicated by Elder Heber J. Grant in 1901. Over 100,000 saints have emigrated to America from Europe since 1840 when the first company sailed from Liverpool.

The first edition of the Book of Mormon was published in the English language at Palmyra, in 1830, since that time it has been translated in 17 languages and printed in 13. In a short time it will be printed in two more. The first edition in any foreign language was published in Danish in 1851 by Elder Erasmus Snow.

## HAIR REMOVERS ARE DANGEROUS

Dr. Wertenbaker Says: "Don't Use Poisonous Depilatories."

In treating superfluous hair it is of vital importance that the agent be employed which is absolutely non-poisonous, antiseptic and germicidal. Because of this, it is not so with frequent use it will produce eczema or blood poisoning. The trouble with the depilatories on the market is that they don't do a little thinking for themselves. When an assertion is made by some unreliable person that a depilatory is non-poisonous, they take it as gospel truth. They never consider the reliability, neither do they question or ask for any substantiating proof that a preparation is non-poisonous. They seem to think that the bare word of the manufacturer is sufficient. To the contrary, ladies should be most particular in choosing a hair remover and learn first what reputable authorities have said on the subject.

Dr. Wertenbaker, the prominent physician, says: "For several years I have used depilatories, because they are bound to do harm. I have found Dr. Wertenbaker's depilatory to be the only one that is safe and germicidal; therefore, on account of these qualities, it is distinctly beneficial to the skin. It does not irritate the skin, it does not produce eczema or blood poisoning. I have used the preparation in my practice for a number of years, and find that the principle of its chemical and physiological action is correct. I consider it the best depilatory on the market for the removal of superfluous hair."

Dr. Wertenbaker's depilatory is a safe, reliable, and germicidal preparation, which is advertised so extensively in the newspapers. Remember, after you have read the directions, it will be better to remove the hair, therefore, isn't it better to investigate all hair removers first, before you try any of them?

We will send you absolutely free, in plain sealed envelope, a 24-page booklet containing full information concerning this remarkable treatment, as well as testimonials of prominent physicians, surgeons, dermatologists, medical journals, and the principal magazines. You should read this booklet before you try anything. It treats the subject in a scientific and practical manner. Write to the DE MIRACLES CHEMICAL COMPANY, Dept. 94, 1905 Park Avenue, New York, N.Y., asking you want this booklet, and it will be mailed, sealed, at once.

#### ILLUSTRATIONS.

The lecture was illustrated by about 50 lantern slides which were thrown on a curtain furnished by Julius F. Wells, and made especially for the hall. As the pictures were shown appropriate music was furnished by a choir seated on the stage behind the curtain.

At the close of the lantern exhibition President Joseph F. Smith asked to have the pictures of the Mansion House, at Nauvoo, and the Nauvoo House thrown on the curtain again. He told some very touching incidents of those early days as he remembered them. Afterwards a very instructive address on priesthood was given by President Smith.

Patriarch John Smith made a few remarks, after which the exercises of the evening were brought to a close by prayer, offered by Patriarch Smith.

#### ARTISTS ELECT OFFICERS.

M. M. Young is President of Utah Society.

A meeting of the Utah Society of Artists was held last evening in the studio of M. M. Young. Officers were elected as follows: M. M. Young, president; L. G. Richards, vice president; G. W. Browning, secretary and treasurer; J. Leo Fairbanks, custodian.

The society had planned to secure quarters in the Social Hall for exhibition purposes, but a report was made last night by a committee that the president had tendered the society permanent quarters in the Vermont block, now under course of construction, as soon as the building is completed. Rooms will be fitted up in the southwest corner, where a perpetual exhibition will be maintained.

Following this announcement informal discussion was indulged in looking to a closer alliance and harmony among the artists of the state. Resolutions were adopted thanking J. B. Fairbanks for the efforts put forth by him in securing a change of the law pertaining to art. The state will hereafter appropriate \$2,000 annually for the promotion of art, being one of the few states to thus take public cognizance of art in a financial way.
